Specification

On types SK / ST / TE
steel screws are zinc plated
and moulded in position

On type SG a grub screw is
screwed in and secured by a
cross-dowel

Star knob details and
dimensions see:
DIN 6336-KU / KT
GN 6336.2
DIN 6336-GG

Grub screws
GN 551.1

Plastic
characteristics

Information

Should clamping with the bush face be necessary,
then it is recommendable to use either type TE or
type SG.

How to order

Star knob
GN 6336.4-SK-50-M10-45

Code No.	Type	d ₁	d ₂	Length l
