

Extra Large Over-Center Draw Latch

- For application where latch and keeper remain on the same plane
- Reduces vibration
- Tamper-resistant model available for added security
- Variety of latch and keeper styles
- Zinc plated plus bright chromate dip

NOTE: Order latch and keeper separately

All mounting holes in fastener are Ø6,5.

Mount latches and keepers with M6 screws or 1/4" rivets. For button type keeper use a countersunk head screw.
