

## Clip-on Combination Sealing Profiles (cont.)

| Profile                                                                                                                                                                                                                   | Colour                | Frame Thickness | Material          | Part No. |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|-----------------|-------------------|----------|
|  <p>Technical drawing of profile 209-0216 showing dimensions: 13,5 (width), 20 (height), 34,5 (total height), and 10,5 (base width).</p> | Black                 | 1.0 - 4.5 mm    | PVC / foam rubber | 209-0216 |
| Packaging unit = 50 m                                                                                                                                                                                                     |                       |                 |                   |          |
|  <p>Technical drawing of profile 209-0217 showing dimensions: 26 (width), 44 (height), 58 (total height), and 10,5 (base width).</p>     | Black                 | 1.0 - 4.5 mm    | PVC / foam rubber | 209-0217 |
| Packaging unit = 25 m                                                                                                                                                                                                     |                       |                 |                   |          |
|  <p>Technical drawing of profile 209-0218 showing dimensions: 30 (width), 10 (width), 14,5 (height), and 11,5 (height).</p>              | Black                 | 1.0 - 3.5 mm    | PVC / foam rubber | 209-0218 |
| * Available in 3 weeks                                                                                                                                                                                                    | Packaging unit = 50 m |                 |                   |          |
|  <p>Technical drawing of profile 209-0219 showing dimensions: 9,4 (width), 22,5 (height), 33 (total height), and 8,8 (base width).</p>  | Black                 | 0.5 - 2.0 mm    | Soft rubber/EPDM  | 209-0219 |
| Packaging unit = 50 m                                                                                                                                                                                                     |                       |                 |                   |          |
|  <p>Technical drawing of profile 209-0221 showing dimensions: 8,6 (width), 23,7 (height), and 13,1 (height).</p>                        | Black                 | 1.0 - 2.5 mm    | Soft rubber/EPDM  | 209-0221 |
| Packaging unit = 50 m                                                                                                                                                                                                     |                       |                 |                   |          |
