

Clip-on profiles combine the characteristics of edge protection profiles and sealing profiles

- The sealing part of these profiles is made of foam rubber and the clamp area consists of soft rubber with a steel clip-on core.
- In an extrusion process the two materials are bonded to each other through vulcanization

Material:-

- EPDM or NBR
- Carrier: soft rubber
- sealing part: foam rubber

Profile	Frame Thickness	Colour	Material	Part No.
	1.0 - 3.5 mm	Black	Foam/soft Rubber	GM-1-50M
Packaging unit = 50 m				
	1.0 - 3.5 mm 1.0 - 3.5 mm	Black Black	Foam/soft Rubber NBR	209-0202 209-2202
