

Non-Locking Recessed Folding "T" Handle Latch, Heavy Duty

- T-Handle folds into a recessed dish
- Steel construction with zinc die cast T-handle
- Single point latching system
- Available in adjustable grip and fixed grip styles
- Adjustable grip style allows for flexibility in the amount of compression applied
- Fixed grip style provides consistent compression
- Handle turns clockwise to latch
- Available with or without mounting studs
- Dacrotized finish

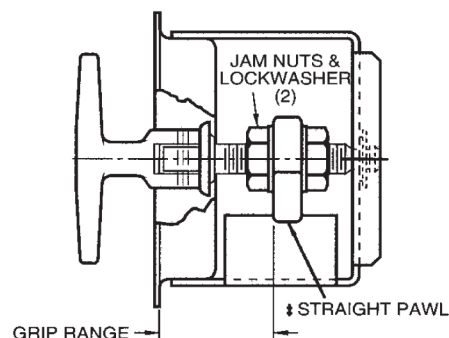

Panel Preparation

Manual-adjusting

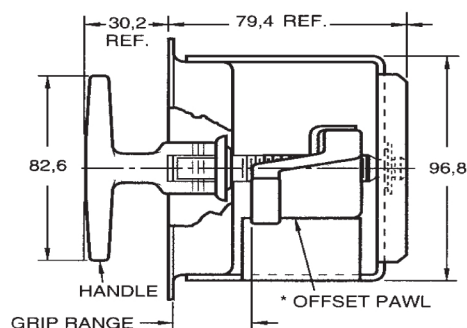

Loosen jam nuts to adjust pawl to exact grip.
Tighten jam nuts to lock pawl in position.

Only TYPE A assemblies available.
Turn clockwise to latch.

Self-adjusting

Turn handle 90° to latch/unlatch. Additional turns to pull up tighter, compress a gasket.
